SUBJECT: Executive Order #05-182
Regarding Contractor Licensing for
Roofing within the State of Florida

The Office of the Governor has issued Executive Order #05-182 on September 16, 2005. This Order allows Florida licensed residential, building, and general contractors to perform roofing repairs and re-roofing throughout all the Counties in the State of Florida, subject to the limitations noted below.

The scope of the previous Executive Order #05-148 is amended and expanded such that the provisions of Section 489.113(3) of the Florida Statutes are suspended in all Counties in the State of Florida to the extent that a certified general, building, or residential contractor is not required to subcontract roofing work for the repair or installation of roofs made of wood shakes, asphalt, or fiberglass shingles. This Order does not include metal, built up or tile roofing systems.

Pursuant to Section 252.36(2) of the Florida Statute, this Executive Order shall expire 60 days from the date it was issued unless extended.
